## CONGRESS OF MOTHERS MEET AT LONG BEACH

Mrs. P. S. McNutt Held an  
Instructive Drill in Par-  
liamentary Usage

MANY FROM THIS CITY

First District Convention Will  
Be Held April 28 and 29  
in Los Angeles

The first district meeting of the Congress of Mothers and Parent-Teacher Associations, comprising all the associations in the county, was held in Long Beach, Thursday, March 31, at the Methodist church. As usual, Glendale was well represented, seven being from the Broadway school, and took an active part. Mrs. P. S. McNutt held a very interesting and instructive drill in parliamentary usage. Mrs. Archibald, the president, called the regular meeting to order, announcing the first district convention to be held April 28 and 29 in the Walker theater building, Los Angeles, urging all who can to be there, for the election of officers. The membership has already reached 10,900 paid members and dues are still being sent in to the

(Continued on page 8)

## "KID" WILLIAMS STEALS A MARCH

Lyle King Williams, known to a host of friends in Glendale and vicinity as "Kid" Williams, stole a march on them all when he married Miss Margaret Eileen Brobst in Los Angeles on March 26.

The wedding ceremony was performed by Judge Harry M. Miller of Glendale, who agreed to keep the secret—but there was a leak, somewhere, and friends of Mr. Williams and his bride are extending congratulations today.

Mrs. Williams is described by those who have met her as a lady of much charm. She was an eastern visitor in California at the time of her marriage, but has decided, naturally, to make her home in Glendale now.

## MRS. OCKER WAS HOSTESS YESTERDAY

Mrs. John Robert White and Mrs. Mabel Franklin Ocker were hostesses yesterday at an elegantly appointed three-course luncheon at Mrs. Ocker's home, 246 West Central avenue, entertaining the members of the executive board of the Tuesday Afternoon Club.

A large bowl of choice roses centered the luncheon table, where places were marked for Mrs. C. E. Hutchinson, Mrs. Charles H. Temple, Mrs. Walter N. Stamps, Mrs. Mabel M. Rudy, Mrs. A. M. Hunt, Mrs. C. E. Norton, Mrs. E. W. Kinney and the hostess.

## ADVANTAGES AND DRAWBACKS OF COUNTY UNIT TO MANAGE SCHOOLS

Superintendent White Says it Would Equalize Taxation and Opportunity, But That Los Angeles Might Secure Control to Disadvantage of Other Districts

Richardson D. White, superintendent of city schools, is greatly interested in the "County Unit" for school management proposed by Supervisor Jonathan S. Dodge as a means of promoting efficiency and economy in the common schools of the county. Mr. Dodge's recommendations and arguments were published in the Wednesday issue of the Glendale Daily Press. If they could be carried out for the benefit of the children of the entire county regardless of whether they attend city or a country school, and with entire impartiality, he thinks it would help to bring about that equality of opportunity which should be the goal of our public school system.

It will be remembered that at the time the campaign was on to secure a larger per cent of county taxes for school purposes, when the supervisors raised the per cent to 44 cents per \$100, Mr. White pointed out the injustice of our present system where certain districts in which property values are high, as for instance exclusive residential sections of Pasadena, the tax yields an amount in excess of school needs, while in a poor district like Watts, the returns are not sufficient to give the children the advantage to which they are entitled. He declared at that time that the money should be gathered where the wealth is and distributed where the children are. He thinks this plan advocated

## BOOTLEGGERS TO BE CHASED BY BOAT

(By International News Service)

SAN FRANCISCO, April 7.—

The fast boat Botwell, operated by a crew of coast guardsmen, was called into service by federal prohibition officers here today in an effort to cope with the illicit transportation of liquors into the United States. The boat left here early this morning with instructions to capture all coast launches operating as booze runners from British Columbia ports. The Botwell has a speed of 20 knots an hour and is armed with rifles and for this reason was called into service, as the boats usually used by prohibition officers have not the speed to cope with the booze-running craft. It is claimed that thousands of dollars worth of whisky is landed daily at secluded points along the California coast.

## NEW REALTY OFFICE IN SOUTH GLENDALE

L. C. Denman, a resident of South Glendale for many years, has opened a real estate office at the corner of Los Feliz and Brand boulevard.

Mr. Denman has a wide acquaintance in the town and is thoroughly conversant with conditions and values. He also has a working connection with the Hart Realty company of 120 North Brand, and through them a listing that covers the entire city.

Mr. Denman has resided in South Glendale, and believes in that part of town. He has a beautiful place in the southeast foothills at 327 Madison court so has chosen a business location near home. Good luck to Mr. Denman.

## ALL-DAY MEETING IN SOCIAL HALL

The ladies of the First Methodist church held their regular monthly all-day meeting today in the social hall of the church.

The Ladies Aid held its session in the morning at 10 o'clock. Luncheon was served at noon; the foreign missionary society and the home missionary society held sessions in the afternoon. Mrs. F. B. Warner was in charge of the program.

## MR. AND MRS. LAWSON WATCH REALTY RISE

Mr. and Mrs. John Lawson, former residents here where they still own considerable property, but now living at Monrovia, have been in Glendale this week watching the advance in the price of real estate and looking after their affairs here. They are greatly interested in the boom on North Brand and they say they have been besieged to give prices on five lots they purchased between California and Wilson last December.

## PENNSYLVANIANS WILL HOLD PICNIC

All who ever lived in the Keystone state are urged to go to the annual picnic, Saturday, April 16, 1921, in Sycamore Grove, Los Angeles. County registers and headquarters will enable any one to find old friends. Take a well-filled basket and share with friends. Coffee served free to all purchasing a souvenir badge.

## RELAY CARNIVAL EXCITING AFFAIR

Shannon and Cressey Teams  
Tie for Boys; Reds and  
Greens Win for Girls

The relay carnival which took place on Intermediate grounds Wednesday afternoon, was a hotly contested affair and one of the most interesting events in which grammar school students have competed.

It will be remembered from the preliminary announcement that four boys regarded as the best athletes in intermediate were chosen as captains to head four relay teams, viz.: Lee Shannon, Carl Quinn, Arthur Cressey and Elmer Muff. These captains in turn drew lots to determine who should have first choice, second choice, etc., of the boy runners in the school.

The same plan was followed with the girls, Charlotte Blakney being made captain of the "Reds," Frances Sylvia of the "Greens," Marjorie Brown of the "Blues" and Ethel Woodward of the "Oranges."

The boy teams took all the distances from 50 yards to half a mile. The girls were divided into two classes, running shorter distances. All entrants in winning teams received ribbons.

The final score of boys' teams was: Shannon 18, Cressey 18, Muff 16, Quinn 2.

The score in detail for the boys' events, follows:

1. Four-man 220-yard relay—"Shannons" first; Theodore Kober, Bob Hatch, Norman Nelson, Lee Shannon. "Cresseys" second, "Muffs" third.

2. Four-man mile relay—"Muffs" first; Clarence Albeach, Ralf Eckles, Elmer Muff, Arthur McKinnon. "Cresseys" second, "Quinns" third.

3. Four-man 440-yard relay—"Shannons" first; Norman Nelson, John Winger, Harold Beggs, Lee Shannon. "Cresseys" second, "Muffs" third.

4. Medley relay—"Shannons" first; Harold Beggs (55 yards), Norman Nelson (110 yards), Lee Shannon (220 yards), Winfield Fearn (440 yards). "Muffs" second, "Cresseys" third.

5. Four-man two mile relay—"Muffs" first; Darrell Korb, Elmer Muff, Clarence Albeach, Arthur McKinnon. "Cresseys" second, "Quinns" third.

6. Four-man 880-yard relay—"Cresseys" first; Frank Hoyt, Frederick Whittaker, Eugene Drury, Arthur Cressey. "Shannons" second, "Muffs" third.

Grammar school event—Won by Pacific Avenue; second, Colorado Boulevard; third, Central Avenue; fourth, Doran.

Broadway boys not competing due to a mistake.

The final score for the girls' teams was: "Reds" 22 points, "Greens" 15, "Blues" 9, and "Oranges" 8.

The winning team which the "Reds" put in for the two-girl 440-yard relay consisted of Charlotte Blakney and Helen Padurgiel. In its six-girl 660-yard relay were: Frances Sylvia, Mary Sawyer, Dorothy Davis, Ruth Raines, Mary Phillips and Ruth Jones.

The carnival was directed by Coach Whytock.

In the "Greens" two-girl 440-yard relay were: Marian Sawyer and Katherine Stanley. In its six-girl 660-yard relay were: Frances Sylvia, Mary Sawyer, Dorothy Davis, Ruth Raines, Mary Phillips and Ruth Jones.

The carnival was directed by Coach Whytock.

## FOUR NEW STORES FRONTING BROADWAY

The Headley building on the corner of Orange and Broadway is looming large. Harry Betz has the contract for the brick work and the ornamental glazed brick which decorates it are being set in the wall and giving promise of an attractive place of business. It is to be divided into four stores all fronting on Broadway, the corner store having a large plate-glass window on Orange.

## MARCH IS A BANNER MONTH FOR SALES

Max Green wears a very contented look. He says that March was one of the best months for trade in his line that he has experienced since he went into business. In fact it was a banner month for sales of old and new cars. Mr. Green has the local agency for the Oakland automobile.

## WIRELESS RECEIVING STATION AT GLENDALE UNION HIGH SCHOOL

A Radio Club has been formally organized at the High School and the wireless receiving station which the school is putting in, which has special training of students who are interested in that line, which has been located on top of the Mechanical Arts building, is nearly completed. Professor Alfred Cookman is the faculty representative in the club and Professor Arthur R. Oliver is an enthusiastic honorary member. The object of the club is to make each member an experienced operator, so that he can secure a government license.

Members of the board of trustees have shown interest and sympathy to the extent of donating \$30 for wireless apparatus, and most of it has been given by the club members themselves, most of whom have wireless plants at their own homes; in fact, full membership in the club is limited to such boys, those outside of that class being admitted as associate members. Total membership is limited to 15.

At the fortnightly meetings of the club is addressed by speakers competent to give information along the line of club interests, and the organization also visits stations in Los Angeles and the plants of local boys. One of the expert members is said to be Horace McRae, who took Harding's message sent by San Francisco to Marion, Ohio.

## HARRIS CONFESSES TO ELWELL MURDER

(By International News Service)

BUFFALO, N. Y., April 7.—

Claiming that he was one of the two men hired to kill Joseph B. Elwell, New York clubman and whist expert, for \$5000 last June by a woman named "Fairchild," R. O. Harris, alias E. B. Leonard, alias C. C. Carlin, last night signed a confession telling of his part in the crime. He named "Bill" Dunkin, a friend, as the man who fired the actual shot which caused Elwell's death. He is being held while New York police have been asked to send an officer here without loss of time. Harris' wife is being held by the police pending investigation. She is, but 20 years old. Police have established the fact to their satisfaction that Harris was in New York City at the time of the murder. His wife left him in Syracuse on July 3, 1920, almost a month after the murder was committed.

## PREVIEW MCCARTHY'S GREAT MASTERPIECE

Patrons of the Glendale theater were treated to a preview last evening of John P. McCarthy's masterpiece, a western picture inspired by the art of Frederick Remington. It is a story of remarkable human interest, both in plot and in the effective and intelligent delineation of the characters. In other words, the acting is decidedly good.

This film will undoubtedly win laurels for its producer, John McCarthy. Every detail of costuming and setting is absolutely correct, and these things have much to do with the atmosphere of a picture. Moreover, the story is one of the wholesome, heart-interest sort that theatergoers, "fed up" on rumps and triangles, and other morbid and sordid tales, are returning to with relief.

Mr. McCarthy has been ranked with Griffith, De Mille and Ince by W. H. Hoffman of the Pioneer Film Exchange, buyers of New York state rights for the picture. He was present at the Glendale theater last evening, a modest, unassuming man, whom Manager Howe introduced to the audience, but who declared he had never made a speech in his life and couldn't make one now. Little Pat Moore was also introduced, and stated with child-like lack of self-consciousness that he was glad the audience liked his work and hoped they might see him in another play some day.

Among Mr. Howe's distinguished guests last evening, were:

Mr. and Mrs. John P. McCarthy, Mr. and Mrs. Russell Simpson, Mr. and Mrs. N. Moore, Master Pat Moore, Mr. and Mrs. Mitchell Lewis, Mr. and Mrs. Landers Stevens, Mr. and Mrs. Myles McCarthy, Aida Woolcott, Georgia Woodthorpe, W. T. Wallace, Lorimer Johnston, Caroline Cook, Johnston, Vivian Rich, Ralph Jesson, Harl Recksteiner, Arthur Messier, Mr. and Mrs. C. W. Dady and Mr. and Mrs. A. P. Dobson.

## CHANGE IN GIRLS' SCHOOL AT VENTURA

Mrs. C. H. Toll, who is a member of the board of trustees of the California School for Girls at Ventura, reports that the superintendent there resigned yesterday because of physical breakdown, resulting from nervous strain and the exacting demands of the position. Dr. Alice P. Walton, the resident physician, has been made acting superintendent. Mrs. Toll says the reports which have occurred there have been due in part to the low mentality of some of the girls and in part to meddlesome interference of outsiders who have no practical experience in dealing with such girls and who represented that they were ill-treated when such was not the case. Order has been restored and Mrs. Toll hopes the problem will work out satisfactorily.

## RELIEVE CONGESTED CONDITION OF SCHOOLS

The mass meeting to consider ways and means to relieve the congested condition of the Glendale schools will take place this evening at the Intermediate school, 411 East Wilson avenue, when the committee appointed at a previous mass meeting to investigate needs and suggest means of relief will make their report. All people interested in the schools should attend this meeting.

## GLENDALE WILL BENEFIT GREATLY IF THE UNIVERSITY SHOULD COMPLETE PURCHASE OF LAND ADJOINING PARK

Charles H. Toll Confirms Report of Negotiations to Transfer  
University of California's Southern Branch to  
a New Site Just West of This City

Charles H. Toll, banker, of Kenneth road confirms the report that a movement has been started to purchase for the University of California, Southern Branch, 110 acres on Los Feliz road about two miles west of the Glendale line and adjoining Griffith Park. The proposed site is part of the estate of the late Col. Griffith J. Griffith, which the trust department of the Security Trust and Savings Bank, with which Mr. Toll is connected, is handling. He says that every effort will be made to consummate the deal which, it is believed, will be advantageous to the city and even more so to the university, which is hopelessly cramped in its present quarters. The plan calls for the sale to the city of Los Angeles of the university grounds and buildings of the university on Santa Monica boulevard, to be used for intermediate and high school purposes. They can be utilized to good advantage, as that section is developing rapidly. Their estimated value is \$2,000,000. The Griffith land is valued at \$330,000. It can be made an ideal campus for a university worthy of Southern California and, if built, will have sufficient capacity to accommodate the students clamoring for entrance. It is said that more than 1500 were denied admittance this year. The course will be increased to four years, and that will mean that students will no longer be forced to go to the northern university to complete their work and get their diplomas. It will also mean that thousands who cannot be received now will enroll.

To Glendale it will also mean great things, for it will be the next thing to the possession of a university in our own city. To the southern portion of the town it will be nearer than Occidental, which we consider almost a home school. Its situation between two such institutions of learning should give Glendale an immense advantage as a residence city.

## MANY PERMITS FOR NEW RESIDENCES

April's building total to date is \$79,602, and for the year 1921, now \$894,525. The million mark will soon be reached.

F. W. Pigg has begun for Tom Furst the construction of an eight-room and basement residence at 538 North Jackson, the estimated cost of which is \$6000. Tom expects to build on the lot just north of this one also. Other permits taken out since yesterday are as follows:

Wm. Clatter, 6 rooms and garage, 368 Ivy	\$ 3000
S. N. Brown, 5 rooms and garage, 469 S. Glendale ave.	3090
C. A. Bowles, 5 rooms, 327 N. Adams	3000
Archibald Donaldson, 5 rooms and garage	2000
Elizabeth Lucas, 4 rooms, 608 W. Elk	1750
Clivis Smith, garage, 809 S. Verdugo	200
W. E. Scott, garage, 627 Vine	200
F. L. Grote, addition, 460 W. Garfield	150

This makes \$19,300 since yesterday noon.

## MANAGER HOWE INVITES MINISTERS

Every minister of the gospel in Glendale is invited to be the guest of Manager Howe today at either the matinee or evening performance of "The Stealers," William Christy Cabanne's masterpiece which is beginning its three-day run at this theater, today.

The central figure is a clergyman who turns his calling into what he knows is a mockery of God, using it as a decoy in the aid of a band of traveling crooks of which he is the head.

Gifted with rare eloquence, he holds his audiences spellbound while his confederates go among the enchanted auditors relieving them of money and jewelry. How this scroffer eventually repents of his wrongs and again turns to the God he has eschewed and blasphemed, goes to make a climax unequalled on the American stage or screen for the sheer intensity of its dramatic force.

## BODY BURNED TO CRISP ON HIGH-TENSION WIRE

(By International News Service)

SAN DIEGO, Cal., April 7.—His body wrapped with bailing wire, the free end of which had been weighted with a stone and thrown over a 11,000 volt high tension electric wire, Charles B. Carnall was found in a field at Jamacia yesterday by three negroes.

The clothing was on fire, and the shock, apparently had been administered but a few minutes before. The baling wire had been burned in two by the current and dropped from the power line. Darnall's wife, attracted by the shouts of the men, smothered the flames, but the body was burned to a crisp.

Although Mrs. Darnall could not be persuaded that it was suicide, investigating authorities held to that theory. There were no signs of a "niffle" nor marks of any kind near the scene. The body was found in an open field in plain sight from the Imperial valley highway.

## DRAFT EVADER ASKS FOR A NEW TRIAL

(By International News Service)

KANSAS CITY, Kan., April 7.—Attorneys for Erwin C. Bergdoll, Pennsylvania draft evader, who is now serving a sentence of four years in Fort Leavenworth prison, today filed application with Federal Judge John C. Pollock for a new trial. A few days ago Judge Pollock denied an application by Bergdoll's attorneys for a writ of habeas corpus.

## CITY DEVELOPMENT ON WESTERN SIDE

The new front of the Edwards & Wilsey office building which was brought to the sidewalk line, giving the firm a reception room and two private offices, has received its plaster finish on the outside and will soon be decorated on the inside. It will be a great advantage as their business is developing to such proportions that several conferences are likely to be going on at the same time. They report there is a brisk demand for real estate, especially lots which are selling much better than last year at this time. The subdivision of the Broadway-Glendale tract is going forward and they are opening up West Kenilworth to within two blocks of San Fernando road; are just finishing the improvement of Salem street. Side walks and curbs are a week. Work has already started on the improvement of Wilson street. They state that 94 lots have been sold, some to Glendale residents who have bought for speculation, but more to actual home builders from Los Angeles and elsewhere. A dozen new houses have been started within the last two or three weeks and within 90 days the firm expects the entire tract to be sold out.

## JOLLIFICATION FOR TOMORROW EVENING

The recently organized high school department of the First Methodist Sunday school is planning a rather unusual jollification for tomorrow (Friday) evening.

Chaperoned by Mrs. C. S. McKee, superintendent of the new department, and other mothers, the young people will leave the church at 7 o'clock in automobiles for Alhambra, where they will enjoy a skating party at the Alhambra rink.

## SIX DEAD AND MANY INJURED

(By International News Service)

LOUISVILLE, Ky., April 7.—Six persons are dead today and 35 are injured in the wreck of the northbound Southern Railway's Royal Palm limited near New River, Tenn. The dead and injured were taken by special train to Somerset, Ky.

The train carried through sleeping cars for Detroit, Chicago, Cleveland and Toledo. Six coaches, including several Pullman cars, were derailed. Spreading rails are believed to have been the cause of the wreck.

## NEW BUNGALOW COURT

A high-class bungalow court with six one-story, four-room bungalows and a two-story, eight-room house, will be built soon in Glendale by a well-known contractor. This will accommodate eight families and will be in a fine residence district. Plans are now being prepared.

## A PRECIOUS RELIC

There was great excitement in the public works department at the city hall this morning when a \$5 gold piece was tendered in payment for a building permit. It was the first incident of the kind in several years. The coin is preserved as a precious relic.

## VISITING HER MOTHER

Mrs. Helen Salisbury is visiting her mother, Mrs. Viola Wright, at 616 North Orange street. Mrs. Salisbury and husband are residing at Alhambra where he is office manager for the Ford agency. Mrs. Wright was formerly a teacher in the Broadway school but suffered a nervous breakdown and the change to Alhambra has greatly benefited her health.

## PLANS FOR NEW LIQUOR PROGRAM

By W. H. ATKINS  
I. N. S. Staff Correspondent  
WASHINGTON, April 7.—In matters of whisky, it depends upon the viewpoint.

"If you're dry, you wonder why so much booze is loose in the land, or if wet in sympathy, the wonder is why liquor is so scarce," said John Kramer, dry law boss, in discussing the divergence of view in the pros and cons in whiskey discussions.

Kramer and his clan that have had to bear the brunt of trying to enforce prohibition agree that as long as human hands raise corn and make copper coils in the United States of America, it will be "wet" somewhere at all times.

None of the "dry" official crowd after witnessing one year's results, are pinning any roses on themselves. Officials say progress has been made. But liquor floods seem to come in greater volume. With these ever-increasing new sources of supply, there are cropping out from time to time entirely new liquor problems to confound liquor law enforcers.

New interpretations of the Volstead law holding that government officials are not authorized to put limitations upon makers and sellers of alcoholic liquors, except in so far as congress may have specified, are expected to have a good effect in enforcement all over the country. The new administration foresees a more general observation of the law. New administration officials having supervision of prohibition, are cutting away from erratic methods which have provoked general criticism.

The new program, as now outlined to combat some of the present hostility to the Volstead law, is to stop needless tinkering with the law's provisions, which convey authority to certain classes to buy, sell and use non-beverage liquors.

The drug store end of the liquor problem is now regarded as one of the most important. In the past, even devout "drys" have hated to walk 40 blocks to a pharmacist to obtain liquor on a doctor's prescription. And when he locates a druggist, even your "dry" enthusiast wants for his sick friend liquor that is pure. He does not want to buy from a mercenary druggist a diluted concoction and pay for it the price that represents 300 or even 400 per cent above what ought to be a reasonable figure. Until now it has been difficult to obtain good whisky on a doctor's prescription even after a druggist has been located with one of the coveted permits to handle medicinal liquors.

This peculiar situation has been encouraged by the attitude of a set of enforcement officials who secured much of their inspiration for such a line of official conduct from hidden but powerful forces in the "extra dry" element at Washington and elsewhere.

The policy of restricting permits to druggists and doctors, and of discriminating between those classes, in an effort to limit the number of outstanding permits in given localities, simply because dry law officers believed a certain number would be sufficient to supply all needs, is about to go into the discard along with a lot of other practices, now shown to have been of doubtful value to the cause of enforcement. Physicians will be encouraged to obtain liquor permits and restrictions against druggists have been relaxed. Other equally "liberal" means are to be taken to bring about a more general respect for the law as it was framed by congress.

### EXPERT CHEMIST ONCE NOW FEELS HUNGRY

Just to look at plain, common Ed C. Smith as he plods back and forth in his little dairy lunch place on South Brand, one would not think of him as a chemist of national reputation a few years back and one whose travels in his chosen profession have taken him into many states and one foreign country. In Council Bluffs, Iowa, he was expert chemist for a big bottling firm and in Colorado Springs he conducted a similar establishment of his own. After selling this, he went to Chihuahua, Mexico, on a year's contract as a chemist and at the end of that time was engaged by a friend to establish a bottling factory. The sum of \$20,000 was placed to his credit in the bank and he proceeded to erect and equip one of the finest plants in all Mexico for the manufacture of soda pop. Strawberry, or "fresca," as they called it, was the favorite flavor with the Mexicans. Pancho Villa was running a butcher shop in the city at that time and was just a common, ordinary citizen, one of no education but considerable natural shrewdness, with a good deal of the callousness that made him so brutal at times when he later became a powerful bandit.

Mr. Smith conducted the plant for two years, then returned to God's country. He has been engaged in the serving of food to hungry people for a consideration most of the time since then.

### EAST HEARS MUSIC PLAYED IN AVALON

(By International News Service)  
HAVERHILL, Mass., April 7.—Sitting in the parlor of his home on Fernwood avenue, Bradford, Daniel G. Ellis listened to the strains of the musical number, "Way Down in Old Virginia," played on a phonograph in Avalon, on Santa Catalina island, off the coast of California. The words and music of the number relayed across the continent by radiophone, or wireless telephone, were heard as plainly as if the instrument were in an adjoining room.

## ESTABLISHING NEW READING CIRCLE

The Mutual Benefit Reading Circle met in regular session yesterday at the public library, with the president, Mrs. A. A. Burton, presiding.

An interesting report of federation activities was made by Mrs. A. H. Brown, who had attended the first district federation meeting last Thursday. Mrs. Charles Pendleton gave an interesting review of the first half of Lee's "Play in Education"; this review will be concluded next week by Mrs. R. T. Burr.

Amusing as well as instructive was Mary Heaton Borse's "Growing Up," which was read by Mrs. Crawford. Mrs. Burr reported the establishment of a circle at Puente, making eight circles organized by the initiative and interest of Glendale's circle.

The annual "Baby Day" will take place on April 27, when all the new babies of mothers belonging to the circle will be welcomed as honor guests.

The study of "Your Boy, His Nature and Nurture," was finished. Elizabeth Harrison's "When Children Err," will be the subject of study to be begun at next week's meeting. At the lunch hour, slices of home-made cake will be sold to swell the reserve fund of the circle.

## PLANS ARE OUTLINED FOR COMING MONTH

Plans were made for the work of the coming month at the meeting held at the city hall on Monday evening by the executive board of the Glendale Welfare Council: Mrs. E. D. Yard, president; Clarence Kuhlman, vice president; Mrs. L. W. Sinclair, treasurer; Mrs. E. L. Young, secretary; Mrs. C. S. Archer, director at large.

The February and March report of the Glendale Welfare Bureau, with which the Welfare Council works hand in hand, is submitted by Mrs. L. W. Sinclair, as follows: House visits, 18; office interviews, 22; registered for employment, 6; employment secured for 9; paid expressman for moving family, \$10; for auto service and carfare, January, February and March, \$4.80; one city order of groceries sent.

The report of the Welfare Council states that clothing to the value of \$79.50 was given from the council's supply; two baby carriages, value \$10, were supplied, also one oil stove, two comforts and \$45 in cash were given for relief work.

The Welfare Council received as gifts for its work since its last report four comforts, a generous supply of clothing from different organizations and several donations of money from private individuals.

Mrs. Archer represents the local relief committee of the Tuesday Afternoon Club in the Welfare Council and Mrs. Young is the P. T. A. representative.

## GLENDALE CREAMERY MAKES FINE SHOWING

The Glendale Creamery is in high feather, for it has made a most creditable record in the tests made by Dr. Joseph P. Bushong, chief milk inspector for the county, who has tabulated the scores made by the various creameries. Out of the 100 points which represent perfection, 35 are allowed for bacterial count, 15 for flavor and odor, 10 points for absence of sediment, 16 for butterfat, 15 for solids other than fat, 5 points each for acidity and appearance. In the grading for guaranteed milk, the Glendale creamery was ranked second in the county, and for grade A pasteurized milk (wholesale) it was placed second with a score of 94.7.

## ELEANORE WESTPHAL HAS BIRTHDAY PARTY

Eleanore Westphal was the hostess to a number of her little friends Wednesday evening, April 6, at her home, from 3 to 5 o'clock, in celebration of her seventh birthday.

The table decorations were all in pink. Games furnished the principal amusement. Those present were: Doris Havermale, Valerie Hoops, Marion Faulkner, Gene McLaughlin, Eleanore McMillan. Both of little Miss Eleanore's grandparents were present.

## NATIONAL WAR MOTHERS TO MEET

The Los Angeles chapter of the National War Mothers' Association, extends a cordial invitation to all Glendale mothers of service men and women to attend their meeting on Friday afternoon, April 8, at 2 o'clock, in the rooms maintained by the Y. W. C. A. at Sixth and Spring streets.

It is hoped to interest Glendale service mothers in this national organization, already well established in the east, in order that a Glendale chapter may be organized in the near future. Two good speakers will address tomorrow's meeting.

The Los Angeles Y. W. C. A. has rooms free for these meetings.

## PROF. COOKMAN HAS WELL-KNOWN GUEST

Professor and Mrs. Alfred Cookman are entertaining at their home, 138 South Pacific, Dr. and Mrs. Samuel Rittenhouse. The doctor is the head of the biological department of the University of Southern California. He will visit this high school and inspect Professor Cookman's collection of spiders and other insects in which he is greatly interested.

Wednesday evening Professor Cookman made a talk before the boys of the Strickland home at Eagle Rock on animals of the sea, reptiles, snakes, lizards, etc.

## MRS. C. L. MARLENEE TO ENTERTAIN SECTION

There will be no meeting of the music section of the Tuesday Afternoon Club on Friday, April 8.

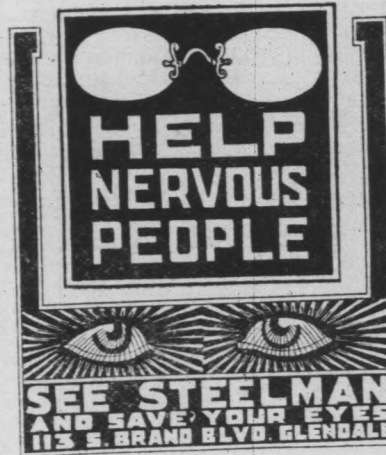

The next meeting of the club will be held at the home of the curator, Mrs. Charles Lee Marlenee, 301 South Central avenue, on Friday, April 22.

## NIGHT CLASSES IN WOODWORKING

There is being formed a night class in woodworking and carpentry at room 224, mechanical arts building, Glendale Union high school. The rooms are offered free by the board but owing to the great increase of pupils attending the day school, there have been no funds to start a night school. A number of men have banded together and obtained the services of Mr. Gorman, who holds a state certificate for this work. The class will be conducted so as to meet the individual needs of each one.

It will meet Friday evening from 7 to 9 o'clock. Probably a class will be formed to meet Saturday afternoon for a couple of hours in the woodworking shop. Some 30 people have signed for the class, but quite a number more can be accommodated, by assuming their individual responsibility.

The 1918 census put the population of the Philippines at 10,350,640.

## LOUISE-COLORADO

### NOW BUSY CORNER

One of the busiest corners in Glendale is the southeast corner of Louise and Colorado, where G. L. McNaught is rearing a plant to take complete charge of all kinds of auto repairs, carry a line of accessories and supply motive power for autos; and in addition a new home for the family is fast rising adjacent to the industrial plant. Coming here with his wife a few months ago, Mr. McNaught bought a home and a business almost immediately, the latter being an oil station at Louise and Colorado. Realizing the great opportunities for business in this, the fastest growing city in the world in proportion to its population, Mr. McNaught conceived the idea of concentrating his energies at one particular location. So, just east of this oil station he is erecting a brick garage building, 50x150, which, when equipped fully will represent an investment of fully \$15,000; while just south of the oil station he is putting up a cozy 4-room residence. Mr. McNaught is one of the kind of newcomers that Glendale needs.

## NOTED MARINE ARTIST DIES UNATTENDED

(By International News-Service)  
BOSTON, April 7.—Alone in the big fifteen-room house, where he had lived for fifty years, at 29 East Springfield street, Marshall Johnson, one of Boston's most noted marine painters, remembered for his contributions to famous art exhibitions in past years, died unattended. His identity was not known to the police who received a report of the case.  
Johnson was born in Boston seventy-five years ago, and maintained a studio at No. 15 India street. His paintings were exhibited at the Pan-American Exposition held at Buffalo, and the World's Fair at Chicago. One of his most widely-known works is "Homeward Bound," now in the possession of C. D. Black, a member of the Boston Art Club.

# STRIKING EXAMPLE OF DIFFERENCE IN MORAL AND ETHICAL STANDARDS

Screen Censorship of the Past Inspires Cecil B. de Mille to Cite Asinine Cases in Which Foolish and Bigoted "Reformers" Figure—"Carmen" Black Listed

By CECIL B. DE MILLE  
Director-General of the Famous Players-Lasky Corporation

LOS ANGELES, April 7.—Nothing serves to illustrate the sheer absurdity of screen censorship more completely than the records of censorship in the past. And that record is one long list of foolish, bigoted and always damaging alterations made in the name of morality.

To the producer, it would appear that the censor believes it his duty to censor whether the picture under consideration needs censoring or not. In other words, if there is nothing really censorable in the particular photoplay, the censor makes it his business to find something to censor. Otherwise, he is not fulfilling the duties of his office and he thus stands in danger of being removed from that office.

Just why the moral standards of different parts of the country should vary or why they should differ in adjoining states or cities has never been made clear. But the records of censorship show conclusively that such differences do exist. What is immoral in Pennsylvania is not immoral in Delaware. And both have different standards from Arizona and the thriving city of Podunk.

## Censorship of "Carmen"

Perhaps the most striking example of this seeming difference in the moral and ethical standards of this country is to be found in the records of the censorship of "Carmen," a screen adaptation of the famous story which I made with Geraldine Farrar in the title role some years ago.

At the time that this picture was made and released, there were some thirty-odd censorship organizations in the United States. Some were state boards; others were municipal. But all of them relegated to themselves the right to pass on what the public should see.

Every one of these censorship organizations made cuts and alterations in the film of "Carmen." And every one of those censorship boards recommended a different list of cuts! No two boards considered the same things as dangerous to the morals of their communities. That which was acceptable in one city was regarded as immoral in a city just a few miles distant. The people of one state were permitted to see certain parts of the story which were forbidden to the people of another state.

A more recent example of the same inconsistency in the alleged standards of community morality is to be found in connection with "Forbidden Fruit," my most recent contribution to the screen.

It so happened that this picture was released simultaneously in the state of Ohio and the city of Portland, Ore. The picture was reviewed by censorship boards in both places at approximately the same time. I received a note from chairman of the Ohio board telling me of the warm approval of that organization and the fact that "Forbidden Fruit" had passed without any serious alterations at the same time that I received word from Portland that the censors there refused to permit a showing of the picture in that city!

## "Personal Beliefs"

It was identically the same picture in each instance. The people in Portland surely do not differ so greatly from the people of Ohio. Yet the censorship boards took diametrically opposite stands, one going so far as to praise the picture in writing and the other forbidding its appearance. In each case it was the personal beliefs and principles of the censors rather than of the public whom they are delegated to represent which reacted to the picture. In neither case did the public have a chance to judge for itself.

If the picture had been as bad as the Portland censors maintained, it would have been a matter for police intervention. But that there was more than reasonable doubt on this score was amply proven by the attitude of the Ohio board and of the thousands of photoplaygoers in other cities who registered their approval of the picture.

One of the most amusing instances of the absurdity of censorship happened recently in the censoring of a current production. The story dealt with a woman who had lived as the wife of a man without in fact being married to him. The story depicted her material prosperity but it showed how society turned against her; how her friends abandoned her. And it ended with a tremendous tragedy with the woman as the victim in payment for her misdeeds.

One censorship board maintained

that this situation was highly immoral and that the only remedy was to insert a title at the beginning of the picture telling the spectator that these people were really married. As a result of this change, the moral of the story was changed to read that nothing but unhappiness, social oblivion and tragedy could follow in the wake of marriage! Of such as these is censorship made.

Centralization of censorship power will not strike at the real root of the censorship evil because it still leaves in the hands of a few more or less qualified people the absolute right to say what shall or shall not be seen on the screen by the masses—a right which belongs to every individual. If Portland and Ohio can differ so radically in opinion, it does not seem probable that a board sitting in Washington could be expected to please all of the people all of the time, or even all of the people part of the time.

## INFANT MORTALITY SERIOUS IN FRANCE

(By International News Service)

PARIS, April 7.—The French government is seriously disturbed over the extent of infant mortality throughout the country attended by a low birth rate. Therefore, in addition to voting subsidies for every family with more than two children, the government is becoming increasingly active in infant welfare work. Its efforts have been particularly concentrated in the war zone, where they promise excellent results, according to American Red Cross reports.

At Arras, where the inhabitants still live in temporarily constructed wooden houses and tents, the government has established a combined school and infirmary caring for 2,000 children. Here, in addition to being taught, the children receive regular periodic medical examinations and any medical attention which may be necessary. The infirmary is also provided with bathrooms. This step is made all the more necessary as the town is still without water works.

Consultations on the care of children are given to mothers by attending physicians. There is a day nursery for mothers who work.

Similar institutions have been established at Vimy, Avion, and Reuux, where they are carrying on work originally started by the American Red Cross. Avion has recently had a severe epidemic of diphtheria, which was successfully combatted by local physicians under the leadership of the newly established health centre. The working people, it is reported, are everywhere welcoming this new activity of the French government.

## "CIGARET-SMOKING WOMEN OF EAST"

By MILDRED MORRIS

L. N. S. Staff Correspondent

WASHINGTON, April 7.—Alice Robertson, Oklahoma's lady member of congress, today gave her impressions of "the cigaret-smoking women of the east," with their rouge and knee skirts.

When it was suggested that they proved a bit of a shock to a citizen of the "cow country," she said calmly: "You can see plenty of women in the southwest with rouge and skirts shorter than they ought to be."

Some of them use even more rouge than the women in Washington and New York. The people out there are not going to let the east get ahead of them in anything if they can help it.

## "WHO'S WHO" CHEAP NOW IN CHICAGO

(By International News Service)

CHICAGO, April 7.—Before the next snow flies a "Who's Who" of women in social and professional fields in Chicago will be published. It will be cheaper to be a "Who's Who" in Chicago than in New York. In New York they charge \$35 to have your "Who" printed. In Chicago, provided you are of the social and professional elect, you can be recorded among the mighty for \$20.

## TWO GENERALS IN MEXICO DESERT

(By International News Service)

MEXICO CITY, April 7.—Generals Ernesto Aguirre and Benjamin Garza, on the Federal army, have revolted and joined General Murguía, who is operating against the government with a band of insurgents in the hills near Saltillo. Loyal troops are pursuing the rebels, who are few in number, according to the Mexican war department.

Schonbein first made gun cotton in 1845.

# BEAUTIFUL FLOWERS DECK HILL AND DALE

Now is the high tide of the year in floral glory and unfortunate indeed is the man or woman unable to get into hills and canyons to gather some of the wild treasures still left to bless the soil of California. Many are gone, perished like the Indians who have succumbed to the onrush of a civilization they were unprepared to meet. Because these survivors may be gone tomorrow, we should enjoy them while we may. The wild lilac (Ceanothus), spreads its lavender and purple bloom on all the hills, and occasionally one sees a white bush, a delicate mass like a cloud against the green of a slope. In the crannies of rocky steep and on dry hill tops the Prickly Phlox (Gilia Californica), a rosy lilac makes a gay spot in the landscape. So beautiful in its satin sheen is the flower it would seem nature tried to protect it from the spoiler by arming it with the prickles that so cruelly sting unless picked with great care. It is not too early to see the beautiful Brodiaea or wild hyacinth, which grows all over our hills. The bulbs are sweet and toothsome, and among the children who know them are called "grass nuts."

Still another blue wildling, this one a deep, purple blue now to be seen in many places is the Whitlavia or Wild Canterbury Bell. It is not so much of a recluse as some of the others and takes kindly to rich soil and cultivation.

One of the dearest, most beloved of children is the Nemophila or Baby Blue Eyes. So thin of texture are the petals it is almost translucent, but a heavenly blue that suggests the lines in Holland's poem:

"Where did you get your eyes of blue?  
I caught them from Heaven as I came through."

Then there is the blue larkspur (Delphinium), seldom abundant, but nearly always to be found if one looks in likely places; Phacelia or Wild Heliotrope, another lovely blue that suggests the old fashioned garden flower Turk's Plum.

But more splendid than all are the Pentstemons, illuminated cups of azure light that run a gamut of shades from blue to crimson. Occasionally they are found in great companies in fairly moist open canyons.

Spring's color scheme seems to feature crimson and blue in California with intermediate shades of pink and lavender and the brief list here by no means makes a beginning on the catalogue of the flower citizens in the wilds. The best way to get acquainted and learn their reception days is to call upon them when they are shading open house.

## GEOGRAPHY TAUGHT WITH PHONOGRAPH

(By International News Service)

CHICAGO, April 7.—The geography lesson is about Scotland. A bagpipe dirge swells over the classroom. Africa and weird stone-age music on a tom-tom begins. A ballad air is put on for Switzerland. Then the class studying Turkey is called and—

It's all a part of the plan of Edwin J. Tobin, Cook County Superintendent of Schools, to make geography a snappy and popular study. Mr. Tobin recently startled his brother educators with the assertion that "It's me" and "he don't" were perfectly grammatical phrases.

"My plan is to have a phonograph and piano in each school," said Mr. Tobin. "One good song is worth a dozen speeches that teachers can make. Many things can be taught with the aid of music. It is the language which begins where the spoken word ends."

"Music will give rhythm to writing, zest to recreation, and atmosphere to geography or history. It should supplement all teaching."

There are 125 schools in the rural districts of Cook county. Mr. Tobin inaugurated his "music campaign" with the advice that each school furnish its own piano and phonograph.

With the proceeds of entertainments and amateur vaudeville performances, many of the schools have already been supplied.

## "SWELL" MAID PROVES A POOR INVESTMENT

(By International News Service)

CHICAGO, April 7.—Mrs. Fred E. Mayer has lost faith in New York maids.

Mrs. Mayer has tried maids of the "home grown" variety for several years and was not satisfied. She wanted a maid with "eastern experience." One day an applicant appeared.

"Where are you from?" asked Mrs. Mayer.

"Noo Yawk," responded the applicant. "I worked wid de swellst families along River Shore Drive."

The maid was hired. Said maid and \$3000 worth of Mrs. Mayer's jewels are now missing.

Mrs. Mayer is looking for a maid who has never even heard of "River Shore Drive."

## SPAIN'S RECOGNITION MAY BE GIVEN MEXICO

(By International News Service)

MEXICO CITY, April 7.—That a prominent Spaniard is on his way from Madrid to Mexico with important documents setting forth the conditions on which Spain will recognize the Obregon government, was reported here. It is said that the Spanish merchants and residents of Mexico who have suffered because of the suspension of regulations between the two nations, have urged recognition.

## MANY DELICACIES AMONG VEGETABLES

The flower lover, particularly in California, learns to fix his affections on perennials which will hold their own season after season and reward him with a succession of bloom, but in the vegetable realm he has not such a long list to choose from. There is, however, asparagus, and when one considers its dainty qualities, to some tastes more delicate than peas, and its high price during most of the season in our markets, it should be given careful consideration by the man or woman who owns a plot of ground.

True, it takes a year or two to get sufficiently established to yield well, and care must be taken to put it deep enough for its thriving, but once it is in the ground, with reasonable care and water, it will well repay the gardener who plants it.

The chayote produces a beautiful vine that yields a fruit very similar to the summer squash and large amounts of it. This reproduces itself every year, and one vine will feed a whole family.

The Jerusalem artichoke is another perennial food plant that should tempt the horticulturist. A few onions in the soil are always a source for flavoring, if not for the bulbs themselves, and the same is true of a few celery roots. A leaf or two in a salad or a soup will make all the difference between a tasteless and a delicious compound.

It is said that the lima and Kentucky wonder beans can be made perennial by cutting off after the cropping season and leaving the roots to send up fresh shoots in the spring, provided they are in a place sheltered from the frost. Tomato plants in frostless localities sometimes live for years.

**Congress of Mothers**  
Meet at Long Beach  
(Continued from page 1)

financial secretary, Mrs. A. A. Barton of Glendale.

Mrs. Ethel B. Waring, of the southern branch of the University of California, spoke upon the subject of "Character building; children must have individual standards of right living and must be taught to teach themselves—then they will be independent of teachers."

Mrs. Lee, past vice-president of the Texas Congress of Mothers, brought greetings, and among other pleasing remarks, said that: "When God found he could not do everything, he made mothers."

A substantial luncheon was served daintily by the ladies of the church, after which Miss Loose, secretary of the Y.W.C.A., opened the afternoon session with an explanation of thrift, saying: "It is the good management of the business of living, and consists of earning, spending and conservation." Many interesting budget systems were presented and discussed, after which all joined in community singing.

Mrs. Flint, of the department of patriotism, asked that we guard our derogatory thoughts and expressions of our government before our children; she mentioned the national holidays and how to celebrate them. "We should study the history of our American flag, Americanization, civil government and vote. We should have schools of citizenship and encourage moving pictures of historical events; learn the song 'America the Beautiful,' and have a motto of the American creed hung in every school."

The Graves bill, which has already been presented to the senate, brought forth much discussion when it was learned that the measure proposes to put all city and county schools in Los Angeles county under one control. It is feared our school system would suffer from political influence and individual school advancement would be impossible, while new and inexperienced teachers would be sent to the outlying districts and the more capable put into the Los Angeles city schools. Quick action is necessary to nullify this bill.

Mr. C. C. Kelso, of Los Angeles, spoke impressively of the need of citizenship clubs in the schools and for adults getting ready to vote. He also mentioned the pressing need of civic centers.

Mrs. Wyckoff, chairman of education, held a committee meeting of all the educational chairmen in the district in one of the adjoining rooms. She gave a list of subjects to which she wished especial attention given, among them being the scholarship fund, vacation Bible schools, more sane dressing for mothers, teachers and children, and that we request the merchants, when giving a fashion show, to decorate at least on window in becoming styles for school girls. She also spoke at length of the wonderful work done by mothers' reading circles and advised every district to have one or more, referring them to the Mutual Benefit Reading Circle of Glendale as a model and asking them to write to Mrs. R. T. Burr for any necessary information and instruction.

The Great Bell at Peking weighs 53 tons.

**For Sale**

Strictly modern 6-room house on lot 58x150. This house consists of living room, dining room, kitchen, two bedrooms, all modern plumbing. This is a real buy and should not be overlooked. If sold this week the price is \$3500. \$2000 cash will handle.

## ITEMS OF PERSONAL INTEREST

Clem Moore went to San Diego on business yesterday.

Mrs. Lillian Nicklin of Hermosillo drive, was in Los Angeles Tuesday, attending to business matters.

Mrs. Emma Wood of 320 West Broadway just returned from a week's visit with relatives at Whittier.

Mrs. E. W. W. Hayward of 307 North Kenwood street attended the opera last night.

Mr. and Mrs. Nelson Gibbs of 3 Burchette entertained old friends from Council Bluffs, Iowa, on Sunday.

Mrs. Herbert Fands of 335 West Burchette street was a visitor to Los Angeles yesterday.

Mrs. C. M. Crist of 315 North Jackson was in Pasadena yesterday visiting Mrs. W. L. Y. Davis of that city.

W. L. Taylor, 505 North Maryland, was a business caller in Los Angeles and Orange yesterday.

Mrs. R. H. Wells of 404 West Broadway, and Mrs. Albert Reed, were in Los Angeles Tuesday.

Mrs. J. B. Cohn of 202 North Central avenue, who was burned very badly with grease, is now improving.

Mrs. Jacob Schremp, 340 West Broadway, entertained her sister, Mrs. Katherine Jones, of Burbank, the first of the week.

Dorothy Jodon, daughter of Mr. and Mrs. R. P. Jodon of 133 South Kenwood, is back in school again after several days of illness.

Mr. and Mrs. Charles Schreiber and daughter Mary Frances, were recent guests of W. S. Ingram at 336 West Broadway.

Glen L. Seitz of 506 North Kenwood left the first of the week for Portland, to attend to some business matters in that city.

Mary Alice Faries, who was operated on at the Glendale sanitarium recently, was removed to her home, 404 North Kenwood, yesterday.

Two bicycles belonging to John Copeland and Fred Whitaker were stolen from the Intermediate school grounds yesterday.

Mrs. Feinstein of 510 West Broadway, reports that her little daughter Barbara, who has been quite ill, is better.

Miss Viola Beckman of Modesto, is visiting in the city with the family of Mr. and Mrs. James Fisher at 102 East Elk avenue.

Kenneth Jackson will be host to a number of friends tomorrow evening at a dancing party at his home at 1890 South Brand boulevard.

H. R. Price of 328 Riverdale drive was hurt quite badly Tuesday when he fell from a new building which he was working on.

Mr. and Mrs. O. J. De Mars are moving to their new home on West Harvard. Mr. De Mars contemplates building a little later.

Mr. and Mrs. T. S. Caldwell of 335 West Broadway entertained the first of the week the latter's mother, Mrs. B. Wilson and her daughter and family of Riverside.

The Winterburn residence at 1526 East Maple was entered by burglars yesterday afternoon, and ransacked from top to bottom. Very little was taken, however.

Virgil Dent, and wife of Hannibal, Mo., are visiting for a few weeks in Southern California. While in Glendale they were guests of George D. and Floyd Mercer and families.

Professor Joy, former head of the commercial department of Glendale high visited the school Tuesday and renewed acquaintance with members of the faculty.

Miss Pollard, fourth grade teacher in the Columbus Avenue school, had a picnic for her pupils today as a reward for good behavior. The affair was a surprise to her pupils.

Friedrichs of Mrs. Mable Rudy, who is living in one of the apartments she owns on East Broadway, will be glad to know that her son Keith, who has been desperately ill, is much better.

Mr. and Mrs. Jas. F. McBryde of the De Luxe apartments, entertained at dinner last night their niece, Miss Lois Johnson, and Lewis Ballenger of Los Angeles. Miss Johnson remained for the night with them.

Mr. and Mrs. W. P. Potter and little son, are now located at 725 East Elk avenue. Mr. Potter was formerly with the Valley Lumber company at Fresno, but is now associated with the Bentley-Schoonman Lumber company.

Mrs. Veda Partley of Redondo was operated on Sunday at the Glendale sanitarium. She is the daughter of Mrs. A. E. Patch of 125 North Belmont street. Her condition at present writing is much improved.

Anthony Ambrosini of 146 South Jackson street is leaving for his home in St. Paul, Minnesota. Mr. Ambrosini expects to be able to return to Glendale the latter part of the summer so as to make this city his permanent home.

The Foster Bridge Club was entertained yesterday at the home of Mrs. W. W. Ramsay, 137 South Cedar. High score was won by Mrs. A. H. Montgomery of 415 South Central avenue. Dainty refreshments were served by the hostess.
